

# Lethargica (Toronto)

## Meshuggah

The void clenches its determined jaws  
A lethargic, careless motion to kill  
Monstrous, prodigious, indifferent  
Slow and deliberate, its torturous skills  
Its molars grind and shatter  
Onerous, leaden bringers of hurt  
Unhurried in its deadly intent  
The undoer of all, dense and inert  
Its design perfected through aeon's  
Pure, immaculate, clean, omniscient god machine  
Calm, precise ambition  
Untroubled by the roar of unending screams  
The droning blare of absolute doom  
The down pitched moan of collapsing dreams
