

Swing Fever

Bill Kirchen

Verse

I'm on the verge of somethin' big
I got coffee in my cup, I put strings on my rig
My baby says I'm crazy (but, hey, what does she know?)
Just pour me up another big double cappuccino

Chorus

Swing Fever, man I got it
Swing Fever, like a rocket in my pocket
I'm about as caffeinated as I wanna be
And I'm sittin' here buzzin' like a cheap TV

Verse

Back at the shack, things were gettin' kind of muddy
What with java and jammin' and jawin' with my buddies
Now, my baby says I'm lazy (I'm startin' to believe her)

I got a real bad case of that Swing Fever

~chorus~

Verse

Well, I thought about quittin', but you know I won't

'Cause I'm danged if I do and durned if I don't

My baby says that I got a habituation

But she done offered me up a brand new sensation

~chorus~ (x2)
