Shuggie

Foxygen

I live in the palm of your hand, down the stream, sea
Get the flowers off the floor and drinking teaBut you dont love me, thats news to meI met your daughter the other day, that was weird
She had rhinoceros shaped earrings in her ears
But, hey man have a soda, its on the house
Remember what I told you, about the rumors inside this houseBut you dont love me, thats news to me
Thats news to me, thats news to
I begin and I begin, and IIf you believe in yourself you can free your soul
My heart is break into 2, I dont know what to doBut you dont love me, thats news to me
Thats news to me, thats news to
I begin and I begin, and IIf you believe in yourself you can free your soul
My heart is break into 2, I dont know what to do
You were right for the words, you make it too loose
Im happy if shes happy
