The Ones

Flickerstick

You feel the pain
You've got the ghost
Another day
What matters most
You gotta love
Another note
When you get high
When you get high
Do you feel the pain (I feel the pain when your away)
Secrets screams that still remain (Would you ever feel the same)
It's all in you
Walk the road that leads you through (walk the road, walk the road, walk yeah)
When you get high
Nothing you can say will change a thing
And I don't believe a single word you say (yeah)
We are the ones who wanna change the world (yeah)
We are the ones who wanna change the world
Dont you realize (Dont you realize)
We've got times you feel like (Times are, Times are hard)
We've got to make things better (To make things better)
Nothing you can say will change a thing
And I don't believe a single word you say (yeah)

We are the ones who wanna change the world (yeah)
We are the ones who wanna change the world
Plastic smiles and broken knees
I believe your the one we need to save
Can't ya see, Can't ya see
Were the same, We're the same
We are the ones who wanna change the world (yeah)
We are the ones who wanna change the world (We'll all change the world)
We are the ones who wanna change the world (We'll all change the world)
We are the ones who wanna change the world (We'll all change the world)
We are the ones who wanna change the world (We'll all change the world)
We are the ones who wanna change the world (We'll all change the world)
We are the ones who wanna change the world (We'll all change the world)
We are the ones who wanna change the world (We'll all change the world)
