

With You

Jessica Simpson

Ha, haa

Ha, haa

The real me is a southern girl with her Levi's on and an open heart

Wish I could save the world, like I was super girl

Real me is to laugh all night lyin' in the grass just talkin' about love

But lately I've been jaded life got so complicated

I'm still thinkin' about it, almost forgot what it was like

Do you know what it feels like?

With you

I can let my hair down

I can say anything crazy

I know you'll catch me right before I hit the ground

With nothing but a T-shirt on

I never felt so beautiful

Baby, as I do now

Now that I'm with you

With you, with you, with you

Now that I'm with you

You speak and it's like a song

And just like that all my walls come down

It's like a private joke just meant for us to know

I relate to you naturally

Everybody else just fades away

Sometimes it's hard to breathe

Just knowin' you found me

'Cuz I'm still thinkin' about it, I almost forgot what it was like

Do you know what it feels like?

'Cuz with you

I can let my hair down

I can say anything crazy

I know you'll catch me right before I hit the ground

With nothin' but a T-shirt on

I never felt so beautiful

Baby, as I do now

Now that I'm with you

With you, with you, with you

Come and take me

Love you save me

Like nobody else

Now I can be myself
With you
With you
I can let my hair down
I can say anything crazy
I know you'll catch me right before I hit the ground
With nothing but a T-shirt on
I never felt so beautiful
Baby, as I do now
Now that I'm with you
I can let my hair down
I can say anything crazy
I know you'll catch me right before I hit the ground
With nothing but a T-shirt on
I never felt so beautiful
Baby, as I do now
Now that I'm with you
