

# Do It Lord

Travis Cottrell

## VERSE 1

I see Your glory covering the earth, Lord  
Just as the waters are covering the sea  
I see the millions coming to salvation  
I see revival fire in the land

## VERSE 2

I see the lost and nameless ones remembered  
I see the widows shouting out Your praise  
I see the friendless loved and celebrated  
Orphans fulfilling, Lord, Your calling on their lives

## CHORUS

Do it Lord, do it Lord,  
Do it Lord we are praying,  
Do it Lord, do it that Your glory may be seen

## VERSE 3

I see forgiveness overtaking hatred  
Pride and prejudice now giving way to love  
I see depression replaced with joy and gladness  
And Satan's lies now bowing to the Truth

## CHORUS

## BRIDGE

This is our prayer O God  
This is our desperate cry  
In these days that we're living now  
Let Your kingdom come  
Let Your will be done

## VERSE 4

I see the brokenness of families brought to wholeness  
I see the prodigals running home to You  
Father's hearts now turning toward their children  
And the children's hearts turning toward their father's

## VERSE 5

I see Your church rising up in power  
Laying down their lives in unity and love  
I hear the sounds of every tribe and nation  
Giving glory to Jesus Christ the Son
