

# Tears On Your Pillow

Cody Simpson

Listen, hey Yeah, super loops in the building  
Hey, I like this right here, yeah  
Put away the tissue boxes,  
Girl I promise all them cloudy rainy days are over  
Hey, and baby I'mma be your umbrella-ella  
Hey, you say goodbye to them puffy eyes  
Love is war and girl I'll be your soldier  
Hey, and baby I will fight for you forever  
Baby, it's my mission,  
To be one that's always here to listen  
And girl you'll be fine  
'Cause now that you're mine  
Chorus:  
I don't wanna see no more (no more) tears on your pillow! (Tears on your pillow)  
I don't wanna see no more tears on your pillow  
And this is my song to you  
Can't give you all the world but I promise that you're my girl  
There's gonna be no more tears on your pillow  
No more, tears on your pillow  
No, no.  
Sleepless nights and fuss and fighting  
All them issues blowing in the wind now (yeah)  
Where you wanna go... I'mma take you! (take you)  
Here's my lesson, take your fingertips,  
Run them through my hair, I feel it,  
This is all we're talking about  
I know that I'll be gentle, I won't break you.  
  
Baby, it's my mission,  
To be one that's always here to listen  
And girl you'll be fine  
'Cause now that you're mine  
Chorus:  
I don't wanna see No more tears on your pillow!  
Don't wanna see no more tears on your pillow  
And this is my song to you  
I can't give you all the world but I promise that you're my girl  
There's gonna be no more tears on your pillow  
No more, tears on your pillow. No more,

No, no.

So girl, here, come take my shoulder  
And let those tears fall , cause I told ya  
It's gonna be the last night that you cry  
So what am I? The boys don't need to reply  
Cause girl, you'll be fine  
Cause now that you're mine .

Chorus:

I don't wanna see no more (no more) tears on your pillow! (tears on your pillow)  
Don't wanna see no more (no more) tears on your pillow (tears on your pillow)  
And this is my song for you  
I can't give you all the world but I promise that you're my girl  
There's gonna be no more tears on your pillow  
No more tears on your pillow  
No more , Tears on your pillow
