

Slow

Fuel

All this time
All that was coming down was mine
Now everything I fought to grow
Has withered hanging on that vine And all I wanted
Was all I needed, you know
Everything good in my life
If you have to take it all away Oh, no
Take it all away
Oh, no, no, no
Take it slow Everything I try to find
Is every love I'll never hold
But in your garden now
The weeds are choking seeds we've sown All I wanted
Was all I needed, you know
Everything good in my life
If you have to take it all away Oh, no
You take it all away
Oh, no, no, no
Take it slow Now you'll find
Your own savior for a time
And if you try my love
I hope you'll find your cure in time All I wanted
Was all I needed, you know
Everything good in my life
If you have to take it all away Oh, no
Take it all away
Oh, no, no, no
Take it slow Take it slow
Take it slow
Take it, take it
Take it slow
