The Murderer's Pact

Cannibal Corpse

Coercion and threats
Made their demands
Held the past over my head
One mistake has made me their tool
Blackmailing a means to the end, I'm forced into the pactMurderer
Is this what I am?Homicide
How can I stop this?Not a violent man but now I'm forced to kill
Seems to be no other way
Trapped by an accident, tragic and fatal
The crime was unintentional, but this I cannot proveMurderer
Is there no way out?Suicide
Is that the answer?Desperation
Deal has been made
No turning back
I'm bound to kill by the murderer's pactSteel myself for the task at hand
Preparing the tools that I need
Sharpen the blades, make the kill quick
Extortion drove me to the deed, I take from it no joyMurderer
Now I will do thisHomicide
I have made my choiceSins of the past
Haunt me today
Should have confessedMotive concealed
Undetected
Hunting him down
His life will end
I'm bound to kill by the murderer's pactThrust of the blade repulses
Commit the heinous crime
Stabbing him repeatedly
Gouge his neck, slash his faceSee his look of terror
He knows his time has come
Cannot show him mercy
Make him die, finish itBlood on the knife
His body slumps
Corpse left to rot
The deed is doneBut in my mind
There is no peace
Two dark secrets
That I must keep

I'm bound to kill by the murderer's pact
