## IN A TRAP

I don't wanna make the same mistake  
It's too deep a lake and too much money at stake  
Under the water sinking in my cadillac  
Down at the bottom is where I'll find my end

And I know, yes, I know I'll burn in hell  
But every road leads me to the same old trap  
that I can't keep from falling in  
I'm in a trap, in a trap

My old mama said; keep the faith and stay on the path  
But I can't hold my breath, it's a matter of life and death  
Back to the surface seems to be my only way  
But I'd rather stay and finish it all today

'cause I don't care, I don't care if a burn in hell  
And every road leads me to the same old trap  
that I can't keep from falling in

I'm in a trap, in a trap

I'm trapped and chased and I changed my face  
Disappeared in the thin air leaving no trace  
But they tracked me down and they changed my mind  
Here I am a sinking down, down, down
