One Man Down

Christina Courtin

Where you come and where you go and
Front to back and to and fro
I just wanted to let you know
I've never seen anyone like you before
...anyone like youSo slice me open, drag me out
We've got some things to talk about
But I can't seem to figure out
What's wrong with me, what happened
What's wrong with me, what happened
to meAnd it's not the same, old way
I thought about today
I turn to the ground,
I was one man down
one man downWhere'd you come in? What'd ya do
I thought I was a person too
Turns out I'm a monster just like you!
With bleeding gums, and pointy tails
And bleeding gums, and pointy tails
and thingsYou pick my head up off the ground
You turn me upwards, upside down
And everything is as it was
When it was found, yes turned around,
Yes very round, upside down indeedAnd it's not the same, old way
I thought about today
I turn to the ground
I was one man down
one man down
