

# Whad Up (feat. Project Pat)

SNO

When I come for you now  
I be looking for liquor  
Rollin bad bitches weed and swishers,  
I'm the man that'll lick your girlfriend up and down and then I'll dick her,  
Better run to Memphis,  
Little bit of pimpin,  
Out of my system  
So I gotta spit it  
Ridin with a six bitch  
Then we're gonna get this  
It's goin 'round thots no bullshit,  
Wyte music riders  
I'm beside ya and we're gonna wile out till the end  
I'm not just the leader of the pack of pill poppin, drinkin train,  
Lets go party, meet me by the bar,  
I'll have a quadruple crown and coke,  
Cause I like to drink  
And I like to roll  
And I like to sip  
And I like to smoke,  
You know who I am,  
I'm W, Y, T to the E,  
And I'm ready to get it started,  
We can kick it until the sun comes up and all of us look retarded,  
We gonna buy the bar tonight,  
Jellyroll, pass me one of them totem poles,  
Let's get us fucked up tonight and I'll show you all how I roll.
