

# Youth And Whisky

## Black Veil Brides

These words are burning inside of me  
Spent years in liquid harmony  
This dream is who I wanna be  
Youth and Whisky  
I grew from those who hate me  
Stead fast to a razorblade symphony  
Cigarettes n' lyrics made me  
Youth and Whisky  
Can you see  
Can you see me  
I'm strong from what they made me  
These angels who carry me  
They taught me  
Youth and Whisky  
Baptized in smoke and misery  
A loaded gun and a bastard's history  
My temple's for the crazy  
Youth and Whisky  
No sorrow left inside me  
Celebrate the moments behind me  
This shot is Holy Mary  
Youth and Whisky  
Can you see  
Can you see me  
I'm strong from what they made me  
These angels who carry me  
They taught me  
Youth and Whisky  
Hey hey, brothers  
Hey hey, fighters  
Bottles living for another round  
Hey hey, lovers  
Hey hey, liars  
Throttles speeding towards a blackout  
Can you see  
Can you see me  
I'm strong from what they made me  
These angels who carry me  
They taught me

Youth and Whisky
