20th Century

Beerzone

In the beginning there was no light
No teenage heaven or hell
No songs or voices came from across the outlands
Where oceans are ment to be, where oceans are ment to beOh, my God, I feel so alone
Some million lightyears far from home
How about you who are living in the 20th century
Carol, you better stop to get the tickets for the starlite showEverybody wants to be there what a dream
So if you don't mind, will you join me
On my way through the eye
Up to the light, into the world
