

Love Is Dead

Tokio Hotel

I hold your letter in my frozen hand
The last line was long, as long as it burns
My look carries on With every word another feeling dies
Im left here in the dark, no memories of you
I close my eyes, its killing me We die when love is dead, its killing me
We lost a dream we never had
The world in silence should forever feel alone
Cause we are gone and we will never overcome, its over now Vultures are waiting for whats left of us
What can we take? It all has no worth
If we lose our trust Theyre coming closer, want you and me
I can feel their claws, let me go now
Try to break free, its killing me We die when love is dead, its killing me
We lost a dream we never had
The world in silence should forever feel alone
Cause we are gone and we will never overcome Its over now, now, now
Its over now, now, now
Its over now, its over now
Its over now Vultures are waiting for whats left of us
Taking the last of you and the last of me, its killing me We die when love is dead, its killing me
We lost a dream we never had
The world in silence should forever feel alone, no
Cause we are gone and we will never overcome Its over now, now, now
Its over now, now, now
Its over now, its over now
