

Hold Up A Light

Take That

You can dance if you like
You can sing every line of every song
No, you don't have to steal the show
It was your show all along
As the orchestra plays the people take the seats
There's no room left in this house
It's only you and me and if life is your stage
I'll be watching
Hold up a light for me, hold up a light for me
Hold up a light for me, hold up a light for me, oh
I'll be watching
Hold up a light for me, hold up a light for me
Hold up a light for me, hold up a light for me, oh
I'll be watching you, everything that you do
As we start rehearsing every scene, the words to everything
We realize that the crowd is listening
And then the tears fall down on you face at exactly the right place
As the people start to stand up in the aisles
You can hear the sound of violins on every street tonight
You can see all lovers dancing round
I'll be watching
Hold up a light for me, hold up a light for me
Hold up a light for me, hold up a light for me, oh
And I'll be watching
Hold up a light for me, hold up a light for me
Hold up a light for me, hold up a light for me, oh
And I'll be watching you
All things you see end up where they should be
All things you see end up where they should be
Hold up a light for me, hold up a light
Hold up a light for me, hold up a light
Hold up a light for me, hold up a light
Hold up a light for me, hold up a light for me
Hold up a light for me, hold up a light
Hold up a light for me, hold up a light
'Cause I'm loving you and I'm loving this, oh
Hold up a light for me, hold up a light
Hold up a light for me, hold up a light, a light for me
I'll be watching you, I'll be watching you
