

Moneyback

Beverley Knight

I got the right to change my mind
So give to me
My heart and my liberty
You sold the dream and I was blind
You staged your plan
I fell for a lover's scam
Right from the start you took love fun passion
While I did all of the giving. I want my money back
The sale is over
You keep your lifetime guarantee
Give me my moneyback
Let's call it closure
Cuz what you got don't work for me I can't believe I took so long
To work it out
Your game and what you're about
I paid the price for being so wrong
So heavily
From all that you got from me My broken heart was just one more day's work
It's what you do for a living... I want my money back
The sale is over
You keep your lifetime guarantee
Give me my moneyback
Let's call it closure
Cuz what you got don't work for me Nah no, nah no, no-no, no-no-no... I'll pick me up, I'll dust me off and I will
start anew
Tomorrow I'll be moving on...
Without you...
I'm running to my future, but before I do
I need one last thing from you... I want my money back
The sale is over
You keep your lifetime guarantee
Give me my moneyback
Let's call it closure
Cuz what you got don't work for me
