

Black Sunshine

KennÃ©th Olmus

Gripping the wheel
His knuckles went white with desire
 The wheels of his Mustang
 Exploding on the highway
 Like a slug from a forty-five
 True death, 400 horsepower
 Of maximum performance
 Piercing the night
 This is black sunshine
Yeah, move me in the silence Baltic motorway
 Hang me on the edge before I fall away
 Apocalypse is dawnin? actions on the mile
 Can do revolution, earth to the river Nile
 Sweet?n the ride black sunshine
 Sweet?n the ride, yeah
 Sweet?n the ride black sunshine
 Sweet?n the ride, yeah
Yeah, cry a river cosmic, moon in a Scorpio
 Feel her body breathe, acid radio
 Tell me that you like it, when I?m going down
Tell me that you like it, move to the speed of sound
 Sweet?n the ride black sunshine
 Sweet?n the ride, yeah
 Sweet?n the ride black sunshine
 Sweet?n the ride, yeah
Slide into, I said, "Forty-four cool heart can hypnotize"
 Dream into infinity, I turned the love to lies
 Crawl across the water, wave and sink into the sea
Reflecting onto everything, that you can never be check out
 Yeah, to the devil a daughter
 Comes 2000 worlds away, yeah
 Born to lose the love you choose
 Destroy another day, check out
 Sweet?n the ride black sunshine
 Sweet?n the ride, yeah
 Sweet?n the ride black sunshine
 Sweet?n the ride, yeah
 Stare into the TV kiss off the pain

Wonderland is falling
No sing, no rain momentary
Damage into the high drift
Me to the circuit sky
Finally nothing moves high noon
Black top rolling below the asphalt drive
A concrete fascination scraping the edge of nothing
This is black sunshine
