

# Take Care

## Drake (Feat. Rihanna)

And I don't deal in books, I don't deal in looks  
And don't ask for my recommendations  
And I don't know about, babies being born  
And hits being hot, baby, what you got?  
Take care into the home  
Take care, take care  
It's never bang, bang, bang  
It's run, run, run  
And I'm only on my way  
Don't tell me where I'm at  
My heart is broke, broke, broke  
And it's not for the cause of a lady  
My eyes are choked, choked, choked  
And it's no good looking at you  
Take care into the home  
Take care  
Take care into the home  
Take care, take care
