

The Days

Jasmine Thompson

Under the tree where the grass don't grow
We made a promise to never get old
You had a chance and you took it on me
And I made a promise that I couldn't keep

Heartache, heartbreaks
All over town
But something flipped like a switch when you came around
And I'm in pieces, pick me up and put me together

Oooooohh
These are the days we've been waiting for
On days like these who could ask for more?
Keep them coming 'cause we're not done yet
These are the days that we won't regret
These are the days that we won't forget

Out on the midnight the wild ones howl?
The last of the lost boys have thrown in the towel
We used to believe we were stars aligned
You made a wish and I fell out of time

Time flew, cut through all over town
You made me bleed
When I look up and you're not around
But I'm in pieces
Pick me up and put me together

Oooooohh
These are the days we've been waiting for
On days like these who could ask for more?
Keep them coming 'cause we're not done yet
These are the days that we won't regret
These are the days that we won't forget

These are the days we've been waiting for
Rattle the cage and slam that door
The world is calling us, but not just yet
These are the days that we won't regret

These are the days that we we'll never forget

And these are the days

And these are the days

And these are the days

These are the days that we won't forget
