Eat Steak

Reverend Horton Heat

Eat steak, eat steak eat a big ol' steer
Eat steak, eat steak do we have one dear?
Eat beef, eat beef it's a mighty good food
It's a grade A meal when I'm in the mood.Cowpokes'll come from a near and far
When you throw a few rib-eyes on the fire
Roberto Duran ate two before a fight
'Cause it gave a lot of mighty men a lot of mighty mightEat steak, eat steak eat a big ol' steer
Eat steak, eat steak do we have one dear?
Eat beef, eat beef it's a mighty good food
It's a grade A meal when I'm in the mood.Eat meat, eat meat, filet mignon
Eat meat, eat meat, ear it all day long
Eat a few T-bones till you get your fill
Eat a new york cut, hot off the grillEat steak, eat steak eat a big ol' steer
Eat steak, eat steak do we have one dear?
Eat beef, eat beef it's a mighty good food
It's a grade A meal when I'm in the mood.Eat a cow, eat a cow 'cuase it's good for you
Eat a cow, eat a cow it's the thing that goes "Mooooo"Look at all the cows in the slaughterhouse yeard
Gotta hit'em in the head, gotta hit'em real hard
First you gotta clean'em then the butcher cuts'em up
Throws it on a scale throws an eyeball in a cupSaw a big Brahma Steer standing right over there
So I rustled up a fire cooked him medium rare
Bar-B-Q'ed his brisket, a roasted his rump
Fed my dog that ol' Brangus Steer's humpEat steak, eat steak eat a big ol' steer
Eat steak, eat steak do we have one dear?
Eat beef, eat beef it's a mighty good food
It's a grade A meal when I'm in the mood.
