

# Why You Do Me Like That (feat. Skate Maloley)

## Dizzy Wright

Everybody know that I'm a beast  
Live your life it's a lot to see  
Never steppin' on the logo G I got it tatted on my marijuana leaf  
Dizzyhippy bout to make it happen  
Legend money is what I'm chasin' after  
Fuck these niggas man these niggas backwards  
I'm loyal to the Sawyer boy we 'atcha  
We don't fuck with suckers we unattach 'em I swear to God I had to look at the data  
Seen so many niggas trade on a boy cause everybody wanna climb up the ladder  
Envy is real it don't matter  
And the whole world can't be trusted  
Since FV gone I'm adjusted  
Now get the witness all of y'all's that I'm rushin' I mean  
How many of you finna act like you love me and then turn your back? (then turn your back)  
How many of you finna act like you hate me then learn my raps? (then learn my raps)  
How many of you really down with me?  
How many of you down?  
It ain't all love they gon pick you all the way up to tear you down goddamn Why you gotta do me like that?  
Lil homie why do me like that? (why you do me like that?)  
Why you gotta do me like that?  
Lil mama why you do me like that? (why you do me like that?)  
It used to be love on wax lil homie  
Why you do me like that? (why you do me like that?)  
It used to be love on wax (on wax)  
It used to be love on wax (on wax)  
It used to be used to be used to be  
All these fake niggas confusing me  
I know some of y'all went to school with me  
I know my life look like a movie screen  
I'm still movin' but you not movin' me  
You suckas trying too hard but man truthfully if you can't be yourself that shit ain't cool to me  
This industry is just a zoo to me  
It ain't new to me to hit em with a fresh look  
Then I hit my dance like Westbrook  
Then I hit these niggas with a left hook  
Until I'm money Mayweather with the checkbook  
Woah me and skates on skates for the payday  
I'm getting head at the Mandalay Bay  
Man motherfucka date rape

Getting paid for the day party if date [??]

What I'm doing wrong? How many of you finna act like you love me and then turn your back? (then turn your back)

How many of you finna act like you hate me then learn my raps? (then learn my raps)

How many of you really down with me?

How many of you down?

It ain't all love they gon pick you all the way up to tear you down goddamn Why you gotta do me like that?

Lil homie why do me like that? (why you do me like that?)

Why you gotta do me like that?

Lil mama why you do me like that? (why you do me like that?)

It used to be love on wax lil homie

Why you do me like that? (why you do me like that?)

It used to be love on wax (on wax)

It used to be love on wax (on wax) How you gonna do me like that?

Lil homie how you do me like that?

Who be like that?

Getting woody like that

Saying sue me might [??]

You ain't knew me like that

Knew me like that

When I used to put your pack

Just to get up in the lab

You ain't knew me like that

Hustlin attack

Put my city on the map

Keep a hunnid thats a fact

Never do me like that

Roll up the Dizzy OG got me lit

You know we smoking that shit by the zip

Vegas to Omaha thats where we live

Got my Supreme boxers matching my fit

If you get money you know what it is

Me and my homies get straight to the biz

Before I pull up my name on the list

Open the door and they smelling the piff shit

I'm a different kind of person working certain I'm a be a better type

Who would ever thought the hip hop industry would wanna here another Pac How many of you finna act like you love me and then turn your back? (then turn your back)

How many of you finna act like you hate me then learn my raps? (then learn my raps)

How many of you really down with me?

How many of you down?

It ain't all love they gon pick you all the way up to tear you down goddamn Why you gotta do me like that?

Lil homie why do me like that? (why you do me like that?)

Why you gotta do me like that?

Lil mama why you do me like that? (why you do me like that?)

It used to be love on wax lil homie  
Why you do me like that? (why you do me like that?)  
It used to be love on wax (on wax)  
It used to be love on wax (on wax)
