

Josephine (Live Version)

Reamonn

When you're here, every thought I ever had becomes clear
But when you're far, the only light I ever see is the stars
And when you go, the feelings burn as they grow
'Cause to me, to me you're beautiful But when you're here Josephine, the stars don't shine so bright
But yeah, with me Josephine, you'd never sleep at night
Yeah, when you're here Josephine, the stars don't shine so bright
But yeah, with me Josephine, you'd never sleep at night But when you go, I never sleep as I do
And in my dreams, I hold you like I never will release But when you're here Josephine, the stars don't shine so
bright
But yeah, with me Josephine, you'd never sleep at night
Yeah, when you're here Josephine, the stars don't shine so bright
But yeah, with me Josephine, you'd never sleep at night My Josephine, I'm dreamin' of you
Are you dreamin' it too? I'm dreamin' of you I scream your name, my Josephine
When you're here, the stars don't shine so bright
But yeah, with me Josephine, you'd never sleep at night
Yeah, when you're here Josephine, the stars don't shine so bright
But yeah, with me Josephine, you'd never sleep at night My Josephine, I'm dreamin' of you
Are you dreamin' it too? I'm dreamin' of you
I scream your name
