

# Cambridge (Album Version)

## Motion City Soundtrack

Contact was questioned from the boulevard  
Head colds in frozen weeks of summer holds  
I'm fine I'm fine wait waiting on the line  
We sent ourselves in on the gray card scale Hold my head  
Where storms are sand  
And sand is said  
To be sad Longwinded Cambridge medicative care  
Head first the motor runs the motor must run  
They confiscated every accident  
And turned ourselves in on our selfish turns With visitations from the underwhelmed  
Five years she fears to hold my broken head  
Why were you gone why were you gone so long  
She is the reason that I still believe Cover your eyes in the pouring rain  
Cover your eyes everyone is all the same Far away
