

Main Girl

Charlotte Cardin

I'm the call at one, that you just wanna visit
I'm a call for some kinda like an exit to your main girl
To your main girl, to your main girl
I'm the call at two, but I know, you never ask
'Cause I've been the one you assume will last past your main girl
Past your main girl, past your main girl Now I'm just a pretty face, who can help you
Now I'm just a pretty face, who can help you
Get your shit together and you're okay Don't leave me hangin' on, you misunderstood me all along
I miscondone gain and I'm a fool to love the pain
Don't leave me hangin' on, you mis- misunderstood me all along
A fool to love you, a fool to love you
I'm a fool to love the pain
I'm the call at three, but guess you thought I'd say
Hey, there baby, come on walk my way
Who's your main girl? Who's your main girl? Who's your main girl?
When it comes to four, I'm not there anymore
I'm technicolor painting love before your main girl
Your main girl this, insane world Now I'm just a pretty face, who can help you
Now I'm just a pretty face, who can help you
Get your shit together and you're okay
Don't leave me hangin' on, you misunderstood me all along
I miscondone gain and I'm a fool to love the pain
Don't leave me hangin' on, you mis- misunderstood me all along
A fool to love you, a fool to love you
I'm a fool to love the pain
I,I,I,I
Don't leave me hangin' on, boy
You misunderstood me all along boy
I was a fool to love you, a fool to love you
A fool to love the pain Don't leave me hangin' on, you misunderstood me
You misunderstood me, yeah
Don't leave me hangin' on
Misunderstood me, I'm alone and I'm a fool to love the pain Just a pretty face, who can help you
Just a pretty face, who can help you
You misunderstood me, yeah
Just a pretty face, who can help you
Just a pretty face, who can help you
(A fool to love you, a fool to love you, a fool to love the pain)
