## Therapy?

Masturbation saved my life  
I was nervous as a child  
You were someone out of my hands  
Couldn't understand or have  
She's not trying to catch your eye  
She's just trying to get a life  
He feels weak when she is strong  
Feeling threatened when he's wrong  
Femination  
Generation  
Femination  
Generation  
Do you want a fuck?  
Do you want a friend?  
Do you want sex?  
Do you want revenge?  
You never make love  
With a smile on your face  
Punished with love  
And rewarded with hate  
Femination  
Generation  
Femination  
Generation  
Femination  
Generation  
Femination  
Generation  
(I'm just with you)  
That will never mean that I'm just for you  
(I'm just with you)  
That will never mean that I'm just for you  
(I'm just with you)  
That will never mean that I'm just for you  
(I'm just with you)
