

# You Don't Feel the Same

[Carly Simon](#)

Honey, I don't want you to see me this way  
So out of control  
So carried away  
'Cause you don't feel the same And I remember times when I was your storm  
I blew hot and cold  
And you were so warm  
But, now you don't feel the same I remember when you were looking up at me  
Like I was the only one  
That you'd ever want to see Honey, how can I ask you to stay  
When you're already gone  
There's no one to blame  
It's just that you don't feel the same
