

Beg, Steal or Borrow

Berlin

You will stay tonight
I will know it's not right
You know me
And so I'll see you tomorrow
You play me for a fool
I let you make the rules Baby, you know me
And so I'll see you tomorrow
I know you
As always beg, steal or borrow You come in my life
With your sad, searchin' eyes
A scene full of hunger and pain
Pull at my heart
You drag out my tears
I give and you take and then you're, gone One day I will say 'No'
Until then on with the show Baby, you know me
And so I'll see you tomorrow
I know you
As always beg, steal or borrow Pull at my heart
You drag out my tears
I give and you take and then you're gone And you know me
And so I'll see you tomorrow
I know you
As always beg, steal or borrow
I, I, I know you
Always beg, steal or borrow
Borrow me
