

# Person To Person

## Fred Frith

Telephone line, bad connection  
And I'm half asleep  
Makin' conversation with you should be easy  
But it ain't  
Wish you could be with me  
There would be no problem  
Our communication's bad  
And I want to see you againPerson to person, face to face  
Person to person, one to one  
Person to person, touching hands  
Person to person, that's what love demandsSix weeks, long time to be without you sugar  
But what can I do  
Working hard on the other side of the world  
Might as well be on the moon  
Wish that I could write it all down  
And put it in a letter to you  
Feelin' like I do right now  
Won't make it any better to you  
Just got to bePerson to person, face to face  
Person to person, one to one  
Person to person, we can't replace  
Person to person, that's just how it gets donePerson to person, line to line  
Person to person, just keepin' time
