I Saw Gener Cryin' In His Sleep

Ween

I heard my brother weepin' in the dead of the night
I said, "Dude, man, you feelin' alright?"
Gener said nothin' and continued to weep
I caught Papa Gene Ween cryin' in his sleep
I saw Gener cryin' in his sleep
I tried to wake him up
But he made not a peep
I saw Gener cryin' in his sleep
You fucked it up again!
Life at the top can be tough
Sometimes you think, you've seen enough

But you can find a diamond in the rough
But when it's time for bed
You shouldn't think about that stuff
Yeah, I saw Gener cryin' in his sleep
I tried to wake him up
But he made not a peep
I saw Gener cryin' in his sleep
I saw Gener cryin' in his sleep
I tried to wake him up
But he made not a peep
I saw Gener cryin' in his sleep
