

Lovers Forever

[Cher](#)

Imagine a life without death or disease
The kind of power to bring a rich man to his knees I offer you this
But it comes with a price
A moment's pain for such a trifle sacrifice I can show you worlds no human eyes have seen
I can show you worlds beyond all reasoning Surrender to me now
And we'll be lovers for all time
Angels and sublime
We'll be lovers forever We'll live just like gods
Reaching every desire
We'll savor ecstasy with every kiss of fire I offer you more
Than mere words can express
And many mortals who have drained their souls for less With one gesture I can set your spirit free
With one gesture you'll be mine eternally Surrender to me now
And we'll be lovers for all time
Angels and sublime
We'll be lovers forever Surrender to me now
And we'll be lovers for all time
Angels and sublime
We'll be lovers forever Surrender to me now Surrender to me now
