

Don't Make Me Hurt Ya Feelings

Ice Cube

From hood to hood, sea to shinin' sea
Let this be the anthem, when you niggas see me
Fuck 'em, uh-huh

When I'm on the block, and you see me chillin'
With that drop-top, don't let me hurt ya feelings
When I'm in the club, lookin' like a million
With that bitch you love, don't let me hurt ya feelings

Tick tock, niggas see me on the block
And they stomachs drop, cause I'm so fuckin' hot
Now, you know my M.O. pull up and blow the horn
She runs out at night and comes back in the morn'
Leave these niggas lookin' like Children of the Corn
Ain't nothin' in the world like a bitch nigga scorned
Forewarned if you thinkin' 'bout this porn
It may result in yo' drawers gettin' torn nigga
I'm Jose Jackson last born
I'm a rooster, Foghorn Leghorn
Youse a loser, get your feelings hurt when I seduce her
She turn my dick to stone just like Medusa
Mad cause I got my dick sucked, and my balls licked
Fagot niggas come out the closet
You know that bitch you like that's throwin' the P
You know that bitch you like is goin' with me

[Chorus]

Let the fo' chrome blow ya dome, nigga I'm the king of Rome
Jim Jones these hoes into my living room
Niggas get jealous, at the Goodfellas
"He's a hot dog~!" Nigga add relish
Papered out, lay you out, fuckin' with my paper route
Take you out so momma cain't make you out
When I creep niggas read 'em and weep
When they peep I'm a fuckin' wolf dressed like a sheep
So fresh, so clean, so nice, so mean
She's a motherfuckin' fiend for this niggarole supreme (yeay-yay)
Hoes scream they wanna be on my team, but uh
It's a dream like Martin the King

Heartbreaker, money taker, nigga, it's my nature
To shake her, soon as a nigga break her
And I'm done, you can have her back
Sucker niggas askin' where yo' ass was at

[Chorus]

My hood, yo' hood, niggas up to no good
Get your shine on, please make it understood
Get your grind on nigga 'til it's all good
Run up on these 24's, wish you would

I wish y'all bitch niggas would
Swizz Beatz wanna give you crybaby niggas a pacifier
When you see us comin' get to runnin'
