

# I Don't Care If It's The Moon

## Cute Is What We Aim For

If I act like I own the place it's because I do  
You put strikes through your zeros  
And you go faster than signs aid you to  
You see my left side is my strong side  
And it's pumping the song of a long night  
And a chorus for this weekend  
This is for you and them  
I've got 76 inches and 88 keys  
To get me where I want to be  
It's not enough  
But now please cover these keys  
Because I am putting shame to porcelain  
I can't just breathe now  
Cause I'm loosing the battle between thick and thin  
So many nouns and so many hateful things  
You directed to them  
These lines are from you in case you forgot

Because I already know you do  
I've got 76 inches and 88 keys  
To get me where I want to be  
It's not enough  
This is cruelty in melody  
This is the bouclÃ© I never gave  
Now this conversation is over  
So grab that cell phone and do it quick  
You gotta look busy  
You gotta look more important than me  
I've got 76 inches and 88 keys  
To get me where I want to be  
It's not enough
