Glory Days

2:54

I'm a full grown empire
I'm a fool for the centre fade
I lost my looks long ago
They're always saying
Remember those days (x2)Glory days
Glory daysIs it just a fantasy?
Is that the reason why
You lie to see
Flags in the sky? (x2)I'm a full grown empire
I spent it all on my own name
Yeah I only look backwards
Only looking for those glory daysGlory days
Glory days
Is it just a fantasy?
Is that the reason why
You lie to see
Flags in the sky? (x2)You __
It's all over
Over time
(We __)
And I want moreGlory daysThese days all I do
All I do these days
Remember how
They used to think of me
