

# Everything

[SR-71](#)

Does it really matter what I want  
Does it really matter how I feel  
Aren't you gonna do what you want  
Why would you ask when you can steal You take everything that I am  
You take everything from me So this is what it feels like to be used  
So this is what it feels like to be lied to  
I don't think I could feel more let down  
I don't think I'll ever give a damn about you You take everything that I am  
You take everything from me  
You take everything that I have  
Just take everything from me You don't know what I'm capable of  
I won't let you limit me  
You don't care what I think  
If you cut me do I not bleed You take everything that I am  
You take everything from me  
You take everything that I have  
Just take everything from me
