

Through the Motions

In My Eyes

Whatever happened to integrity
To putting your thoughts into something you believe
I can't even count the amount of shit I've been told
It's coming to a head, how will I react?
This is one thing you can fucking trust
This is one thing you can fucking count on
This is one thing you can fucking trust
This is one thing you can fucking count on
Whatever happened!
Tired, I'm so tired of having to deal with all this shit
and the worst part is that I can't fucking get around it
Don't have to find the perfect words to say
If you feel it in my voice
You fucking understand!
