

Bitter Truth

Hatebreed

(Verse)

How many ways to languish?

How many ways to fail?

How many ways to die too soon?

You cant choose one, it chooses you(Chorus)

Some of the choices (reason!)

We make along the way (the way!)

Cant destroy us (destroy us!)

Bitter truth cuts both ways(Bridge)

The storys made in your eyes

Id rather suffer for the truth than prosper from a lie(Verse)

How many ways to judge me?

How many places to wash ashore?

How many ways to feel nothing again?

Like any mistake, I wouldnt is if I was afraid(Chorus)

Some of the choices (reason!)

We make along the way (the way!)

Cant destroy us (destroy us!)

Bitter truth cuts both ways(Bridge)

The storys made in your eyes

Id rather suffer for the truth than prosper from a lie(Interlude)

The bitter truth cuts both ways

Bitter truth cuts both ways

The bitter truth cuts both ways

I swear youll regret the words you speak in my face(Chorus)

Some of the choices

We make along the way

Cant destroy us

Bitter truth cuts both ways(Chorus x2)

Some of the choices (reason!)

We make along the way (the way!)

Cant destroy us (destroy us!)

Bitter truth cuts both ways
