

# Fools Paradise

[Donna Lewis](#)

Manipulated romance  
Pretty speeches in the dark  
Banging on your big drum  
You captivate their hearts  
But underneath the mask  
Is a man of straw  
A master of excuses  
Closing every door And I don't wanna hear your name  
I don't wanna feel your pain  
And I don't have to play your game  
I'm stronger and things have changed  
I'm no longer in fools, fools paradise  
I'm no longer in fools, fools paradise  
Fools paradise Your poetic inspiration  
Is a work of art  
But your obsession with the glory  
Rules a self centered heart  
Accumulative hatred, living in fear  
And when the bitterness is over  
Another victim reappears So I don't wanna hear your name  
I don't wanna feel your pain  
And I don't have to play your game  
I'm stronger and things have changed  
I'm no longer in fools, fools paradise  
Fools paradise
