

# I Been Around

## Krayzie Bone

-Hey! Where've you been?  
-Where I've been?  
I been around a while...  
I lived in town a while...  
I threw it down a while...  
And the town threw down on me  
(still here)  
(oh yeah)

I been around a while  
I lived in town a while  
I threw it down a while  
And the town threw down -  
I been around a while  
I lived in town a while  
I threw it down a while  
And the town threw down on  
Me...
