

# The Enforcer

## Monster Truck

I'm not looking for a fight  
If you come at me tonight  
I'm gonna make you sorry  
Don't try my patience son  
There's a reason i'm the one  
That people stand aside for  
So just play the game you know  
We wont go toe to toe  
Tomorrow you'll feel better  
You know this ain't a road  
For you to freely go  
This is a dead end  
And on it goes, someone begs for a broken nose!Under the lights  
My justice reigns  
Crossing my line will put you in pain  
You'll be praying to god, "when will it end?"  
This is not a fight you can win here my friendDo you really wanna see  
I'm the man I claim to be  
This is a bad idea  
Before you drop the gloves  
Say bye to those you love  
And those teeth you remember  
And on it goes, someone begs for a broken nose!Under the lights  
My justice reigns  
Crossing my line will put you in pain  
You'll be praying to god, "when will it end?"  
This is not a fight you can win here my friend(SOLO)Under the lights  
My justice reigns  
Crossing my line will put you in pain  
You'll be praying to god, "when will it end?"  
This is not a fight you can win here my friendOHHH YEAH!
