

# Around Us

## JÃ³nsi

I see the walls, then see them fall  
You break through them all  
I see you crawl, now you stand tall  
Grow and grow till tall

In storm we scream against the stream, our eyes watering  
Jump into lakes, the surface breaks  
We swim underwater, and our mouths  
In tune

We all want to grow with the seeds we will sow  
We all want to go with the breeze we will blow  
We all want to know when we're all meant to go  
To a place you and I

I see forest, a treasure chest full of labyrinth  
I see a door, holes in the floor  
We'll break seeds, we'll grow

There's songs, songs you bring to us  
You pin both the wings on us  
I hear, I see you sing for us  
You go tie a string around us

There's songs, songs you bring to us  
You pin both the wings on us  
I hear, I see you sing for us  
You go tie a string around us

We all want to grow with the seeds we will sow  
We all want to go with the breeze we will blow  
We all want to know when we're all meant to go  
To a place you and I

We all want to grow with the seeds we will sow  
We all want to go with the breeze we will blow  
We all want to know when we're all meant to go  
To a place you and I

I see you grow

I see you grow  
Grow taller

(And our mouths  
In tune)
