

Brown Sugar (feat. Lil Wayne)

Ray J

[Intro - Ray J]Brown sugar, yeah, yeah, yeah, yeah, yeah, yeah, yeah

I lick you like brown sugar, make me right

Brown sugar, yeah, yeah, yeah, yeah, yeah, yeah, yeah

I lick you like brown sugar, make me right[Verse 1 - Ray J:]

Baby, you could be the first

I'm a be the first to ease your temper

We ain't plan four years

Girl, we could've had kids when you was chuckin' my timber

Girl, tell me what you want

Her friends don't get along, so we classify members

Ooh, nipples hard, girl

I ain't got to start, but we cover like winter

We done get it too much, we never did wrong

All night long, yeah, yeah, yeah[Hook - Ray J]

Brown sugar, yeah, yeah, yeah, yeah, yeah, yeah, yeah

I lick you like brown sugar, make me right

Brown sugar, yeah, yeah, yeah, yeah, yeah, yeah, yeah

I lick you like brown sugar, make me right[Verse 2 - Lil' Wayne]

Brown sugar, babe

I gets high off your love and don't know how to behave

I pour wine in the tub and we could drown in the grapes

Ooh, I'm all over your *****, yeah I'm crowdin' your space

I'm a junkie for your love, girl, your body like base

I got some ***** on the mirror, you could powder your face

I told her, 'Take her panties off', she say, 'What are those?'

'Bout to play up in that sugar like the Sugar Bowl

Ooh, and you must be used to me spendin'

And all of that sweet wining and dinin'

But I'm ***** you tonight, open up, I scuba dive

You're the wifey, you're the bride

I ***** the hoes that threw the rice

I was Tunechi, you was nice, you was sugar, I was spice

Me and you sweet and sour, perfect match, Bonnie, Clyde

Sexy drop of caramel, honey, all of this sugar ain't good for me[Hook - Ray J][Verse 3 - Ray J]

Ain't no wave, baby, we can drown

We done give too much, we never get away, baby

You come 'round and I ain't gon' put it in you

You get brown sugar, talk about everything you want

I'm a give it to you, baby, what you want do?

I'm a live for you, baby, it's true
Little Hennessy, a little coke, a little weed
Girl, I ain't gon' touch it
All I ever, ever want to do is **** you and love you, I know it[Hook - Ray J]
