What about now the muthafucka plays the beat
On the bass I got my main muthafucka called Mooseman
Layin' the rhythm tracks I got the one and only infamous D Roc
In the house
On the drums I got the one and only Beatmaster V muthafucka
On lead guitars I got my nigga Ernie C
And I'm Ice Mother Fuckin' T, bitch
Come on come on, make some noise
Yeah, Goddamn it
Come on, come on, come on, come on

Come on
Body count's in the house, body count
Body count's in the house, body count
Body count's in the house, body count
Body count's in the house, body count
Body count's in the house, body count
Body count's in the house, body count
Body count's in the house, body count
Body count's in the house, body count
Uh, yeah, uh, come on
Yeah, make some noise
BC, BC, BC
Body count, muthafuckas
Body count's in the house, body count
