

# If You Only Knew

[Lari White](#)

(Lari White/Chuck Cannon)If you only knew the way I love you

Don't I wonder what you'd do

Would you look at me and say you love me too

If you only knewIf you only knew I'm dreaming of you

Every night the whole night through

Would you make my wildest dream of you come true

If you only knewI pretend I'm just a friend

But now and then I wonder what you'd do

Would you love me too

If you only knewI pretend I'm just a friend

Oh but now and then I wonder what you'd do

Would you love me too

If you only knewWonder what you'd do

Would you love me to

If you only knew
