Advisory - the following lyrics contain explicit language:

Do the thing, man
Fo' real, don't stop
H World don't stop
M. Betha, don't stop They wanna roll like me, do a show like me
Wanna jump in the Ferrari an' roll like me
But I know who I be, wit no ID
So much money, think the bank owe me Yo, I do the thing now, what you wanna do?
I make the music that you want with ya boo
Go away, bring back somethin' just for you
Can't no man stop what we come to do I been flyin' all week, I land for a day
Sit somewhere, so I can plan my day
I take you to somewhere like Sandro Pe'
An' you though I said San Jose? No way Come on, you know I wouldn't lead you wrong
An' you know I wouldn't lead you on
An' if everybody tellin' you to keep it off
Who gon' say keep it on? Come on We don't have to take our clothes off
To have a good time, oh, no
We can just chill an' kick it all night
'Cause it feels so right, 'cause it feels so right Uh, we don't stop, I tell those girls in Melrose
That love Chanel clothes, to keep they legs closed
The way we met, gave you major respect
I move bodies like I wave the Tech I make all the young girls stomp like a majorette
You need lights to engage in sex
An' just because you got the best ride
Don't mean you the best guy
Like the car, you can't let everybody test drive An' I know you like expensive trips
Expensive whips an' spendin' chips
The drink you drink is an expensive sip
I just bought a home in a expensive zip An' ever since I met you, it haven't been dark since
Hold your hands by a Central Park bench
Twenty million just for the apartment
No financin', tell me where your heart went We don't have to take our clothes off

To have a good time, oh, no
We can just chill an' kick it all night
'Cause it feels so right, 'cause it feels so right, so rightAn' I like it, an' I like it
An' I like it, I, I
An' I like it, an' I like it
An' I like it, I, IAn' I like it, an' I like it
An' I like it, I, I
An' I like it, an' I like it
An' I like it, I, INow we can just dance, all I need is a chance
To meet ya old man an' go an' meet ya whole fam
Ain't tryin' to weaken ya stance with a weekend in France
I wanna pay all ya bills like a week in advanceI'm not a rude dude that'll reach for ya hand
An' if ya tell him no, then he'll understand
Even though, everywhere he go, he in demand
An' gotta give you no E to try to sneak in ya pantsWe don't have to take our clothes off
To have a good time, oh, no
We can just chill an' kick it all night
'Cause it feels so right, 'cause it feels so rightWe don't have to take our clothes off
To have a good time, oh, no
We can just chill an' kick it all night
'Cause it feels so right
