

# Forever On And On

## Point Of Grace

I'd just as soon try and count  
The stars up in the sky  
And number all the raindrops  
In the river rolling by  
Stand a better chance to know  
How many ganders sail  
And to measure the love there is  
Between His outstretched hands  
Ooh, God's love forever on and on  
Ooh, God's love forever on and on  
(On and on)

Every passing hour shows  
The time is running out  
The voice of Heaven is calling out  
To a heart that's losing ground  
Though the pain in this world  
We know is coming to an end  
(The face of God)  
In the face of God  
We see an eternity begin  
Ooh, God's love forever on and on  
Ooh, God's love forever on and on  
God's love, forever on and on  
Oh, God's love forever on and on, hey  
(On and on)  
Oh, God's love forever on and on

(Forever on and on, forever on and on)  
Ooh, God's love forever on and on  
God's love, forever on and on  
Oh, God's love, forever on and on  
(Forever on and on)  
His love is forever and ever on and on  
Never ending, never failing  
Always loving on and on  
Never ending, never failing  
(Forever and ever)  
Always loving on and on  
(Forever)

Never ending, never failing  
Always loving on and on  
Never ending, never failing  
(It's never ending, it's never failing)  
Always loving on and on  
(It's always loving, on and on)  
Never ending, never failing  
(It's never ending, it's never failing)  
Always loving on and on  
(It's always loving, on and on)  
Never ending, never failing  
Always loving on and on  
Never ending, never failing  
Always loving on and on
