Lockjaw

Spectrals

We can't kiss,
We can't kiss,
If you've got lockjaw,
No, I can't be sure but,
If it is,
If it is,
Your teeth will fit,
Just like jigsaw bits.We can't miss,
We can't miss,
What we never had,
I know that sounds bad but,
If we did,
If we did,
Would we ever do anything?You can't take everything to heart,
You can't take everything to heart,
Oh, you can't,
You can't,
You can't x 4
