I'm Alive

ZO2

Your reputations a mysterious one
I see right through your disguise
No celebration for the things that youve done
You run with the dangerous kind
So shady, the lady in red
Somehow baby you got into my head(Chorus)
Now I dont feel the pain, Im paralyzed
Shes flowing through my veins
I feel the true blood rise
Shes taking me away, got me hypnotized
Forget about the day, come alive at night
Under blood red skies
Feel the true blood rise
Now Im aliveYour appetite feeds on the hunger within
Theres something changing inside
As part of the night breed with you I begin
Its a welcomed suicide
Never crossed my mind, Id never see the day
But now I find its the only way(Chorus)
