

Green Light Go

Becky G.

Red light, green light, one, two, three
Try your best, can't fuck with me
Red light, green light, one, two, three Try your best, can't fuck with me Okay, nobody stop me
I'm on my green light, go (Yeah)
Everything I do is big
I'm on my fee, fi, fo (Fi)
I came up from out the dirt
I'm like a concrete rose
If I ever fall, I'm landing on my Gucci soles
I got my foot on the gas
I'ma single on the dash
They are debunking the facts
Racing and chasing the cash
Ain't no one catching up with me
If you gon' blink, you gon' miss me
Okay, nobody stop me, I'm on my green light, go
Timid on my social (Woo)
I can't be antisocial (Woo)
There's fire once I post (Woo)
Lil' girls got my posters (Woo)
I do a buck in the Rover (Woo)
I'm never stuck on the shoulder (Woo)
Nobody pulling me over
Nah, like a No Limit solider (No Limit) Head down, let me front on mine
Lil' bitch, don't try kill my vibe
LAX where we fly high
I see you looking on the other side
Okay, nobody stop me
I'm on my green light, go (Yeah)
Everything I do is big
I'm on my fee, fi, fo (Fi)
I came up from out the dirt
I'm like a concrete rose
If I ever fall, I'm landing on my Gucci soles
I got my foot on the gas
I'ma single on the dash
They are debunking the facts
Racing and chasing the cash
Ain't no one catching up with me

If you gon blink, you gon' miss me
Nobody stop me, I'm on my green light, go I spent all my life on the lifelines on it (Brrp)
That's how bad I want, that's how bad I want it (Gt it)
Stopping on my green light, go
I been on unstoppable
I been on that vamonos
I been on that Inglewood
I been misunderstood
I'm so far from Hollywood
Hustling tryna make it just
Yeah, I gotta get it though
I look like a centrefold
Good for you like vegetables
Wanna try my edibles
If you can, I'll let you know Let go, call me to go
On my mama, I would never fold
Just in case you didn't know
I do this shit for Mexico Okay, nobody stop me
I'm on my green light, go (Yeah)
Everything I do is big
I'm on my fee, fi, fo (Fi)
I came up from out the dirt
I'm like a concrete rose
If I ever fall, I'm landing on my Gucci soles
I got my foot on the gas
I'ma single on the dash
They are debunking the facts
Racing and chasing the cash
Ain't no one catching up with me
If you gon blink, you gon' miss me
Nobody stop me, I'm on my green light, go (Go) Red light, green light, one, two, three
Try your best, can't fuck with me
Red light, green light, one, two, three
Try your best, can't fuck with me
