Gettin' It In

Jadakiss

Shorty gettin' it in with me
Shorty gettin' it in with me
She said I brought some friends with me but I don't know why
Because they ain't gettin' in with me
Shorty gettin' it in with me
Shorty gettin' it in with me
She said I brought some friends with me but I don't know why
Because they ain't gettin' in with meYou know me, I'm with a ghetto diva, stiletto fever
Jell-o shots, yellow reefer
Same rules apply, I'm back on top
You can't drink or smoke if you not gon' pop
See me in the popcorn drop, not gon' stop
Takin shots of Catron, gettin' top on yachts
The medallion's a mountain, rock on rocks
The whole world wanna know when this lock gon' dropWithout a doubt, she acknowledge the wealth
Since she ain't give brains, I told her let me get some knowledge of self
Then I told her be proud of yourself and dig deep
And try to see what you could get out of yourself
After all that, I told her to fall back
The Ferrari truck parked in the back is all black
Next time, bring some friends and more 'gnac
It depends how I feel in the morn' if I call back, whatShorty gettin' it in with me
Shorty gettin' it in with me
She said I brought some friends with me but I don't know why
Because they ain't gettin' in with me
Shorty gettin' it in with me
Shorty gettin' it in with me
She said I brought some friends with me but I don't know why
Because they ain't gettin' in with meI'm with this bad Ethiopian chick, drinkin' straight up liquor
I told her I'm nigger-ian, a straight up nigga
Now is it just me, or do them ugg's
Have girls be lookin' like sheep skin rugs
Some rhyme with a name, some rhyme nameless
Don't try to treat me like I ain't famous
My apologies, are you into astrology?
'Cause I'm, I'm tryin' to make it to UranusSee that's a little Don Juan game
All across your chest like Sean John name
Niggaz tryin' to figure out since Kan came
Who the rookie of the year, me or LeBron James?

They say, "Don't get caught up in the hype"
Ain't no tellin' they gon' love you after tonight
Well if tonight's the night, pop bottles, fuck models
Spend money 'til you broke, my nigga live your lifeShorty gettin' it in with me
Shorty gettin' it in with me
She said I brought some friends with me but I don't know why
Because they ain't gettin' in with me
Shorty gettin' it in with me
Shorty gettin' it in with me
She said I brought some friends with me but I don't know why
Because they ain't gettin' in with meShorty gettin' it in with me, 600 Benz with me
She wanna spend with me
She see me roll up the bud, then thug out the club
'Cause I got my mens with me
She said she leavin' her friends for me
They ain't gettin' in with her 'cause she gon' bend for meHer tongue spin like a rim for me, do what she can for me
Look like a ten for me
Now shorty is out with me, usin' her mouth for me
She lookin' out for me
She said, "'Kiss where you live?", I said, "You see the Bridge
When you step on the balcony, let's go"Shorty gettin' it in with me
Shorty gettin' it in with me
She said I brought some friends with me but I don't know why
Because they ain't gettin' in with me
Shorty gettin' it in with me
Shorty gettin' it in with me
She said I brought some friends with me but I don't know why
Because they ain't gettin' in with me
